For the first time street people had a voice. Other entities were represented and smaller focus groups formed.

5.2 Field Report

Influx of homeless/displaced persons in the SFB area. Challenge is to find alternative spaces/solutions when nearby shelters are full. Jantjie assisted a family of 3 to go to Delft as there only alternative was to keep begging on the street. SR and Jantjie met as well as Cookson from Social Development. It was suggested that to keep the toilets on the promenade open at night they would employ people to service them. Straatwerk is a good source for the personnel (action Cllr Ramsay) RG mentioned there is an App developed to collect leftover food from hotels & restaurants and deliver to Shelters. RG to share link.
